

## **TRYOUT PACKET**

### **2022-2023 Season**

Thank you for your interest in the SPARK Junior Titans Pom Team! As part of our middle school program, your dancer will learn a number of skills and receive multiple opportunities that will benefit them as they transition to their High School Dance Team!

The purpose of our Middle School programs is to help junior dancers develop the necessary skills and technique that they will utilize as they transition to their respective high school dance teams. Each junior team is designed to mimic their respective high school dance team experience through training, performances, opportunities, and more.

At SPARK, our mission is to foster excellence, develop strong and consistent dancers, promote self-esteem, understand the mechanics behind the movement, and instill a solid work ethic. Within our middle school programs we promote school spirit and involvement, teamwork, dedication, and respect; as well as learning effective technical skills, time management, and accountability, all to help your dancer learn how to become a valuable team member and to create a successful and meaningful experience.

**“At SPARK, we focus on the mastery of skills rather than on winning”**

## **FINANCIAL COMMITMENT**

The estimated total cost for the 2022/2023 season is \$3,415 - \$3,880. This amount will be split between April and February, with a payment due by the 1st of each month. A detailed financial breakdown can be found in the "Financial Agreement" document. A deposit of \$400 will be due following the first parent meeting to secure your dancer's spot on the team. The deposit is applied to your total for the season.

As requested by the team/parents, fundraising opportunities will be made available to reduce overall costs for the season.

We do recognize that this sport is expensive. As a program that exists to help junior dancers prepare for their High School Dance Team, we aim to mimic the structure of their respective high school team but on a smaller scale. As such, our budget and pricing are built to reflect that. We continually do our best to minimize costs for the season and we create our annual budgets with this in mind. Upon request, we are happy to provide the estimated costs for the high school team in which your dancer will be joining for comparison.

**We never want an athlete's participation to hinge on finances so PLEASE reach out to the coaches and/or SPARK admin to discuss financial options for the season if needed.**
